24% CABERNET FRANC, PONDEROSA VINEYARD

alcohol | 13.5%

pH | 3.71

T.A. | 5.8 GRAMS/LITER

production | 2500 CASES PRODUCED

This medium bodied Cabernet Sauvignon is produced of grapes from the Ponderosa Vineyard located at 1900 foot elevation along the western slopes of the Sierra Nevada Mountains. The high elevation vineyard site yields fruit with unique tannin and flavor profiles that contribute to compelling notes of dark fruits and earth in this well balanced wine.

Our 2005 Cabernet is comprised of 76% Cabernet Sauvignon and 24% Cabernet Franc and is barrel aged in high quality new French oak barrels for 8 months prior to blending and bottling to provide a well-structured complex pallet.

Look for this wine to pair well with a wide range of savory dishes and age well in the cellar.
